

ENVIRONMENTAL MONITORS NEEDED

Call for Resumes

Position Overview:

Shuswap Band is looking for any members who are interested in working as an environmental monitor for stewardship and construction projects in Shuswap Band's Caretaker Area. This position will provide you with hands-on field work experience in environmental, stewardship, pipeline, or general construction. If you are interested in pursuing a career as a monitor in these fields, this is a great position for you. This is a general call for interested applicants.

Qualifications:

- Interest in the outdoors/natural environment
- Interest in Stewardship of the Land
- Willingness to take direction from supervisors and a strong team orientation
- Willingness to work designated shifts based on Project schedule and reside in hotel or camp accommodation
- Fit to work 10–12-hour days in field construction environment
- Successful completion of applicable safety certifications (training will be provided by employer)
- Meet basic fit to work requirements, including successful completion of an alcohol and drug screening prior to coming to site
- Prior environmental, pipeline or general construction experience or environmental training preferred, but not essential
- Computer and writing skills helpful but not essential
- Some evening and weekend work will be required.
- Wage \$20 - \$25 per hour depending on qualifications
- Number of hours per week variable
- Start and end dates are flexible - TBA

Deadline for Applications – Friday, May 13th @ 4pm MST

If you are interested in working in the field as an environmental monitor, please send your resume to education@shuswapband.ca or phone the Band office directly at (250) 341-3678 and ask for the Education and Employment Department.
